EMPRESS, ALTA. THURSDAY, JUNE 22<sup>nd</sup>, 1919

Price: \$1.50 Per Year

## Ball Boys Win Second Money At Prelate

The locals made an even break at the Prelate tournament, winning their first game by the score of 13-7 against the Prelate nine. Accidents prevented Brodie and Sparling from participating in the final game against Leader for first money. Though playing All ball and touching the Leader pitcher for an even break in the hits, they lost by the score of 4-1. A full account of the game will appear next week.

## United Church

Sunday, June 15.—Sunday School and Adult Bible Class at 11 a.m. Public worship, 7.30 p.m. Come and bring your friends.

The ladies of the United Congregation, will hold their regular monthly meeting, Friday, July 4th, at the home of Mrs. U. W. Dawdy. All ladies are invited.

## Social Plains Picnic

The sixth annual picnic of Social Plains L.F.A. is announced to take place, Friday, July 11. Every attempt is being made by the committee to make this popular picnic, if possible, more successful than ever, and towards this end a great deal of expense is being incurred. Baseball will open the day's sports at 10 a.m. and the fun continues throughout the day, being concluded by a real good time dance which is expected to last into the wee small hours of the next day. Refreshments will be provided on the grounds.

Leslie Dutton, left for Minn. Jaw, Sask., on Monday. He will attend the Undertakers Convention there, and also undergo an examination in embalming.

Get your typewriter ribbons and supplies, and counter check books, at The "Express" office.

## Storm Causes Fatality

A very sad and fatal accident occurred north-west of here during last Saturday evening's storm, when Thomas, the five-year-old son of Mr. and Mrs. P. B. Ostrom, was instantly killed by a blow from a twenty-five pound box of staples which was picked up and carried by the wind. Fearing that the house might be carried away, the family had gone outside and placed themselves where they thought to be safe from flying objects. The wind, however, suddenly changed to the opposite direction, sweeping everything before it, with the result that the heavy box struck the little fellow who was being carried in the arms of his uncle, Mr. O. Brakke, who also was knocked insensible. A caboose standing near the house was wrecked completely. Mrs. Ostrom, who was thrown out of the way of the flying wreckage by her husband, was badly shaken.

The funeral was conducted at Empress, on Monday, and was largely attended. The heartfelt sympathy of the entire community is extended to the bereaved parents in their sudden and tragic loss.

A severe hail-storm occurred in Maple Creek on Monday evening, breaking many windows and destroying all kinds of garden-plants. In the public school alone, over 100 lights of glass were smashed. To the south of town several buildings were blown over. The hail area did not extend very far to the north or to the south but it ran in an easterly direction for a number of miles.—News, Maple Creek.

## BIRTHS

—To Mr. and Mrs. H. J. Read, Saturday, June 21, a daughter.

—To Mr. and Mrs. J. Kennedy, Thursday, June 10, a son.

## A Successful Social

The "Get-Together Social and Concert," held Monday, June 23, under the auspices of the Union Church, was well attended. Major Robie, was chairman for the evening and gave those present an outline of the object of the Social, i.e., a better community spirit and to obtain a general opinion regarding the construction of a church and recreation building. The Major's witticisms and the quality of the talent presented put everyone in the best of humors. Further information regarding the proposed building of a church was given by the Rev. G. G. Pybus. An expression on the matter from those present was asked and unanimously given in favor of the project. The programme of the evening was as follows:

1. Orchestra Selection.
2. Song, Mrs. D. S. Sutherland.
3. Piano duet, Mrs. Pybus and Miss Eva Dawdy.
4. Song, J. Carruthers.
5. Song, Miss Eva Dawdy.
6. Address, Capt. Shouldice.
7. Duets, Messrs. Carruthers and Chapman.
8. Monologue, Capt. Taylor.
9. Song, D. S. Sutherland.
10. Orchestra.
11. Song, J. Carruthers.

## Tendering for Construction Work on Coronation Line

Contractor Dutton, of Timson & Dutton, was here over Sunday. The firm are among those formerly having grading contracts on the Empress-Bassano line. Mr. Dutton was on his way to Coronation, where contracts are to be awarded for the Empress-Coronation line. He stated that there were over two hundred tenders in on construction work.

Although severely hurt at Prelate on Wednesday, we are pleased to report that Percy Brodie's injury is not serious.

The ball team journeys to Atleo, on Friday.

On Sunday, the thermometer registered 101 degrees in the shade. The hot spell is of unusual length. While some of the wheat is turning fast, flax is standing the heat well.

Anthony Newman, of Cavendish, left on Wednesday morning

for his old home in England, and is expecting to make his permanent residence there.

Mr. and Mrs. F. Pearce and children, of Shaunavon, were the guests of friends in town, today, Thursday, and incidentally renewed old acquaintances.

# Huns Must Sign Treaty This Week

Paris.—(Reuter's) A terrible picture of the fate awaiting German troops if the allies win the peace treaty is drawn by the Vossische Zeitung, which prophesies that "the allies will, in any case, occupy more or less German industrial regions. The Huns will attack us in the east. In a short time train will cease to run owing to lack of fuel. Our towns will be without gas, food and electricity, and we will be unable to threaten the new corn except with the fall. Our industries will cease owing to lack of raw materials. In short, the life of the whole nation will come to a standstill and collapse."

The Journal further pictures Soviet republics being established all over Germany with Berlin as a Soviet republic. It really left all who are opposed to signature of the peace treaty to reconsider the question in the light of these possibilities.

The revised terms clear away much that was open to the construction of being vexatious.

Final action on Germany's request for admission to the League before the negotiations has not yet been reached, but the discussion is declared to be tending toward an accord.

The Silesian question, which has given difficulty, also has virtually been settled. It is practically certain that the revised treaty will not be submitted to a plenary conference with the smaller powers before the reply is sent to the Germans.

The revised treaty and memorandum accompanying the treaty will be sent to Count von Brockdorff-Rantzau, head of the German delegation, by messenger without ceremony.

## Dry City To Have \$7,000,000 Hotel

Work Will Be Started Within Sixty Days

Detroit, Michigan.—In view of the widespread sentiment among the hotel interests that prohibition would ruin the hotel business of the state, it is interesting to note the announcement that work will be financed entirely within sixty days on a hotel for Detroit, which will cost \$7,000,000, and contain 1500 rooms. It will be financed entirely with Detroit capital. The site fronts on Madison avenue, Wilhelmsen street, and Adams avenue, and the hotel will overlook Grand Circus Park.

## French Are Passive

Toward the Movement for a Rhenish Republic

Paris.—The attitude of the French government toward the movement for a Rhenish republic is a passive one, according to a statement by which French authority on the French official position.

"The attitude of the French government toward this manifestation," the authority said, "is the same as the attitude of the other allied governments—that is, one of passiveness. Besides the French government does not profit by this manifestation, since the promoters of the movement have placed the Rhenish republic under the German republic."

"The French forces have been instructed simply to maintain order and prevent outbreaks of violence on either side."

## Truce Between Austria and Jugo-Slavs

Belgrade.—The armistice between the Austrians and the Jugo-Slavs in the region of Klagenfurt was forced by the entry of Serbian troops into the city to re-establish order. The Austrians having failed to accept the Jugo-Slav conditions for a cessation of hostilities in Carinthia, according to an official statement from Serbian headquarters.

Gives zest to any meal.

## Rioting In Winnipeg

War Hero Injured By Mob and Special Constable Shot

Winnipeg.—Following the first really serious conflict between returned soldier constables acting in place of the regular police force, which was followed by the police constables following refusal to pledge themselves to refrain from joining sympathetic strikers, riotous mobs were formed. The trouble resulted when a large crowd of strike sympathizers jeered and booed the special constables.

The crowd surged into the street and it was an effort to clear a path for vehicles that the specials came into conflict with demonstrators. One of the mounted constables, Sergeant Frederick G. Copping, winner of the Victoria Cross in the great war, was the only person seriously injured. He was dragged from his horse and severely pummelled before being rescued.

When a squad of special police was dispatched to the aid of their sorely pressed comrades, they were met by a mob of strikers and rioters who, retaliated by a free use of their batons on the heads of demonstrators.

The appearance of an additional detail of 200 regular marchers down Main street in platoon formation had calming effect on the crowd and the rioting ceased as suddenly as it began.

In another clash between a crowd led by aliens and four special constables, Constable T. S. Morrison is lying in the hospital with a shot wound through his thigh and body injured. One of his comrades was struck over the head with a club and knocked unconscious, but is not seriously injured.

When a special constable Morrison was on patrol duty in the vicinity of the Canadian Pacific railway station on Higgins avenue in company with Constable T. S. Morrison, a hostile crowd of what is estimated to have been over a hundred persons, of whom the majority were alleged to have been returned soldiers, commenced to gather, and for some time continued to heckle the constables. Suddenly the crowd broke into a charge and Constable Morrison was the last officer to be disposed of by the crowd, being knocked unconscious by a blow on the back of the head. At the instant that he fell a big man was seen to have raised club above his head. An automobile was driven to the scene of the riot, the driver, seeing the raised club, drew a revolver and fired low at the assailant. The bullet missed the object and struck through the thigh of Constable Morrison, whom the driver had intended to aid.

Following the Chinese government's refusal to stem the tide of the Japanese boycott movement, being pushed by the students. The bankers, merchants and workers in Shanghai are lending their support to the movement.

The government decided to release the students arrested several days ago, but the students decline to leave the university in which they are carrying on the strike of police public officials apologizes for the arrests.

Demonstrations in favor of the boycott movement continue without restriction.

## Japanese Boycott

Bankers, Merchants and Workmen Lending Support to Movement

Peking.—The Chinese government's refusal to stem the tide of the Japanese boycott movement, being pushed by the students. The bankers, merchants and workers in Shanghai are lending their support to the movement.

The government decided to release the students arrested several days ago, but the students decline to leave the university in which they are carrying on the strike of police public officials apologizes for the arrests.

Demonstrations in favor of the boycott movement continue without restriction.

## Germans Aided Bolsheviks

Helsingfors.—The treacherous attack of German cavalry upon the Estonians when the latter were pursuing the Bolsheviks was under the direct order of General von Der Goltz, commander of the German forces in Lettland.

The action unmasks the Germans as secret accomplices of the Bolsheviks and the Estonians will now begin military operations against the Germans.

Answers from over 200 localities of the Saskatchewan Grain Growers' association to a questionnaire sent by the federal government, asking for expressions of opinion in regard to the organized farmers entering politics, are all in the affirmative.

## Reform For Ireland

Prospect of Large Measure of Reform Is Bright

London.—The Daily News prints the following from an Irish correspondent: "There has been a vast amount of speculation regarding the intentions of the government toward Ireland, and the prevailing idea is that the government intends to embark on a larger policy of repression."

"I have reason to know from an authority of very high standing in regard to Irish politics, but whose name I am not in position to disclose, that the prospect of a large measure of reform for Ireland is very bright."

"As a return for his attitude with regard to the claim of Ireland to be heard at the Peace Conference, the authority to whom I allude states that President Wilson has obtained a very definite undertaking from the Prime Minister that a wide measure of reform for Ireland will at once be taken in hand."

Austrians Appeal for Assistance  
Paris.—The Austrian delegation at the Peace Conference has appealed to the allies against the rigor of the peace terms presented to Austria, the Havas Agency says it is in receipt of a reliable source, who reported action of the Austrians is unfavorably commented upon here.

## Inhumanity In Russia

More Stories of Ruthless War Crime From Russian Baltic Provinces

Paris.—Howard Herman at the Baltic headquarters of the relief administration situated at Libau has written to the Baltic headquarters a graphic description of the scenes in the Baltic sections from which the Bolsheviks have been expelled. Describing the conditions he found in Riga, Captain Herman says:

"Among the sights I have seen was the shooting of eighteen Bolsheviks, who were taken to a German firing squad. It was German efficiency at its best. A ditch was dug by Bolsheviks waiting trial, and the other soldiers already condemned, came up three at a time as their names were called."

"The condemned men stood with their heads at the edge of the ditch and with their eyes unblinded, faced their executioners. I heard German soldiers—two of whom fired at each condemned man's head and one at each heart. After the last three had lain dead in the ditch, they were then led back to prison."

"My moving picture operator was turning the crank of his camera during all this. He had just finished a dimmer after taking a close-up of the open grave."

## To Sow Seeds Of Revolution

Bolshevik Secret Agents In Every City Throughout U.S. and Canada

Boston, Mass.—There are over 173,000 Bolshevik secret agents working in the United States and Canada at the present time, according to Gen. Dobriansky, of the National Russian army, who is in Boston on a mission for the Omsk government to interest leaders of opinion in the movement to fight Bolshevism in America as well as in Russia, and to help gain recognition for the Omsk government by the allies. The general was head of the technical department of the Russian Ministry of War before the Bolshevik revolution, and was very interested in saving the vast military stock of the allies collected in Vladivostok and elsewhere, valued at over \$850,000,000. He fled from Russia during the war, and the United States and the Bolsheviks gained power, and thus was able to help the allies in Siberia.

He declared that there is a world-wide menace from the Bolshevik doctrine, which is being propagated here with stolen Russian gold by means of secret agents in every manufacturing and mining city and town and export throughout the United States and Canada. He stated that these agents have divided the two countries into districts, in each of which a secret agent is to be organized after existing governments are overthrown.

These agents have a number instead of a name, to disguise their identity. And an agent bearing the number of 173,000 has been discovered by the government. Many of them are of the origin as was the case with leaders in Russia, who adopted Russian names there to disguise their origin. America and Canada must be on their guard to crush out this menace and ferret out the agents, he says.

## Assist Veterans To Go On The Land

Ottawa.—(Reuter's) A terrible picture of the fate awaiting German troops if the allies win the peace treaty is drawn by the Vossische Zeitung, which prophesies that "the allies will, in any case, occupy more or less German industrial regions. The Huns will attack us in the east. In a short time train will cease to run owing to lack of fuel. Our towns will be without gas, food and electricity, and we will be unable to threaten the new corn except with the fall. Our industries will cease owing to lack of raw materials. In short, the life of the whole nation will come to a standstill and collapse."

## Overpayments To Soldiers Found

Inquiry By Public Accounts Committee Reveals Many Errors

Ottawa.—The inquiry by the public accounts committee into overpayments made by the separation allowance and assigned pay branch of the Militia Department to soldiers and their dependents was continued, with Mr. T. Cox, chief accountant of the branch, as the chief witness.

Mr. Cox informed the committee that overpayments totalling \$200,000 had been definitely ascertained, but that there are from twenty to twenty-five thousand ledgers showing overpayments in addition and that the total had not been figured up.

Mr. Vent, who was conducting the inquiry for the opposition, declared as the result of an inquiry held with two clerks with an adding machine in a couple of days, but Mr. Cox said it would take his whole staff six days to do the work.

Finally Mr. Cox undertook to do his best to have the figures available for the committee by Wednesday.

The witness had previously explained that when an undischarged soldier is overpaid, the amount is recovered by the separation allowance branch, the department still has recourse to the soldier's war gratuity. Overpayments were first discovered as the result of an inquiry held in 1917. They are due in most cases to overlapping of payments in England and Canada, which could not always be avoided.

Mr. Jacobs asked the witness if it was so that pensions had been paid to the relatives of soldiers killed to be dead, and they had turned up safe and sound. Mr. Cox said he had heard of only one case of this kind. To Mr. Parent, the witness stated that over forty thousand dollars overpayment has so far been recovered from the war service gratuity fund.

## Suing Labor Unions For Losses By Strike

Important Question Raised by Suit in Courts of the United States

Pittsburgh, Pa.—The "Red" people of Pittsburgh, through A. E. Anderson, an attorney, filed a suit in equity in court here against the Amalgamated Association of Street and Electric Railway employees, in which the union is asked to pay damages of \$100,000 to the city of Pittsburgh, which was lost by the people as a result of the recent strike of the street car employees.

The suit raises the question of the right of employees engaged in such a service to strike to enforce demands for better pay and improved working conditions. Receivers of the Pittsburgh railway company are named as party defendants.

## A Long Trip

North Portal.—Wm. Regd. of Ottawa, Kansas, arrived here recently with team, wagon and dog. He is following the long trail from Kansas to the Peace River country, a distance of over 2,000 miles. He is not discouraged, though he takes down with "flu" en route and told that his horses would be shot at the boundary and this his dog would not be admitted to Canada.

With the war over, said Dr. Beland, Canada's soldiers were now returning to their homes. What the government should do was to help as many of these men who desired to become farmers to settle on the land. The financial assistance which the government offered to soldiers who wished to settle on the land was not sufficient incentive. He believed the government should give to the soldier a policy which would in itself be an invitation to become farmers. The farmer wanted few implements. The soldier had a surplus of them. It was less easy to make a home. Dr. Beland stated immigration should be stopped for a time at least, or at any rate confined to farm laborers and not to soldiers. He stated that he had seen the Siberian expedition, and he had not found anyone in Canada to approve it.

Dr. Beland hoped that when the finance minister issued his new loan it would be subjected to taxation. "In his case, that part of living. Dr. Beland said that there were three ways of meeting it. First, increased production; second, reduced taxation on consumption, and third, bringing the profiteer to account. He instanced the recent rise in the price of butter, and asked why the government had not intervened to have butter released from cold storage. There were dangerous agitators in the country. He stated that he had given them. But no quarter also should be given to the profiteer.

# Germans Fear A Blockade Renewal

Berlin.—(Reuter's) A terrible picture of the fate awaiting German troops if the allies win the peace treaty is drawn by the Vossische Zeitung, which prophesies that "the allies will, in any case, occupy more or less German industrial regions. The Huns will attack us in the east. In a short time train will cease to run owing to lack of fuel. Our towns will be without gas, food and electricity, and we will be unable to threaten the new corn except with the fall. Our industries will cease owing to lack of raw materials. In short, the life of the whole nation will come to a standstill and collapse."

## Crimes Charged Against Germany

British War Secretary Announces Some Cases Laid Before Investigators

London.—Winston Spencer Churchill, secretary for war, announced in the house that the facts in the following cases had been laid before the committee appointed by the attorney-general to investigate alleged violations of the laws of war:

Private McGraw, 1st Coldstream Guards, secretary for war, announced in the house that the facts in the following cases had been laid before the committee appointed by the attorney-general to investigate alleged violations of the laws of war:

Private Stimpson, 1st Coldstream Guards, reported to have been wounded in the hands of a German adjutant at Schneidmühl camp on November 7, 1914, at Gostrow camp and died early the next day, probably from pneumonia.

Private Skett, 3rd Coldstream Guards, was a prisoner of war at Plume, on the eastern front, and being exhausted after a long march in the snow on April 7, 1917, was unable to proceed. He was ordered by a German officer to lie down, and he was unable to do so, the secretary deliberately killed him.

## Railway Shop Workers May Now Strike

Canadian Railway War Board Has Made No Move to Answer to Union Ultimatum

Montreal.—The Canadian railway war board has absolutely nothing to say, chief officials here were regarding the strike ultimatum sent them by the Railway Federated Shop workers, representative of 1,000 workers in all the railway shops of Canada. The executive committee of the federation is in the same position, and has declined to state whether it is intended to all the members, for a strike and now awaits the expiration of the time limit of the ultimatum or the receipt of the railway companies.

## Command Riga Gilt

Paris (French Wireless).—The Council of Four has sanctioned the occupation of Oesel Island, which commands the entrance to the Gulf of Riga, by British troops. The Estonian government agreed on the occupation as a guarantee for the payment of financial aid to the Estonians.

## Assist Veterans To Go On The Land

Ottawa.—(Reuter's) A terrible picture of the fate awaiting German troops if the allies win the peace treaty is drawn by the Vossische Zeitung, which prophesies that "the allies will, in any case, occupy more or less German industrial regions. Cathin is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARH MEDICINE restores the foundation of the disease, gives the patient strength by improving the general health and results in doing so without the use of drugs. It is a cure. HALL'S CATARH MEDICINE is in use. Druggists F.R. Tomlinson, Inc., P. O. Box 100, New York, N.Y.

Some writers get a dollar per word — and some wrongdoers get more than that when they talk back to the judge.

Minard's Liniment Lumberman's Friend.

### Increased Divorce Rate

Ottawa.—According to a return tabled in parliament, 398 applications for divorce have been received by the Dominion senate since confederation, and 341 divorces have been passed by the upper house. During the present session, up to May 31, 38 divorce petitions have been received and 42 divorces recommended. In connection with seven applications all fees have been remitted, while in ten cases the fees have been partially remitted.

Final plans are now being prepared for the three additional farm schools that are to be built this summer at Youngstown, Raymond and Glenora. Through these schools additional farm work will be developed. It is hoped to have the schools themselves finished in time for the winter session, which begins early in November.

### Manitoba Butter Grinds in New York

Manitoba creamery butter is still being shipped to New York. A carload was graded and dispatched on its journey lately, realizing 60c per pound to the consignors.

### Japan Planning \$100,000,000 Tunnel

One Mile of It Will Be Completely Under the Sea

Washington, District of Columbia. —Advises from Tokyo say a submarine tunnel under the Shimono Strait will be started this year, and it is planned to complete it in 1928, according to an announcement by the Japanese Government railways.

It is estimated that the tunnel will be 100 miles long. The project was developed to studying the geological formation of the strait bed and drafting the general plan of work in preparation for the tunnelling. Japan will send engineers to the United States and Europe to study the tunnelling achievements of the West.

The length of the tunnel will be seven miles, of which one mile will be completely under the sea.

If one be troubled with corns and warts, he will find in Holloway's Corn Cure an application that will entirely relieve suffering.

### Amending Liquor Act

Edmonton, Alta.—Amendments to the Alberta liquor act are now in force, and something nearer a government-based price for liquor on physicians' prescriptions will be the rule. Under the terms of the amended act the government has power to fix the price of liquor by druggists. This action has not yet been taken, but will be covered by an order-in-council in the near future.

### World Food Committee

Paris. —The supreme economic council has appointed a committee, composed of Herbert Hoover, Lord Robert Cecil, M. Clementel, Roger Crespi and Baron Emile de Cartier de Marchienne, of Belgium, to study a plan for legislation of the world food control and to study how economic problems are to be met after the approaching harvest.

### THANKFUL MOTHERS

Thousands of mothers throughout Canada — many of them your neighbours — speak with thankfulness concerning the use of Baby's Own Tablets, for their little ones they would use nothing else. The Tablets are an absolutely safe medicine for even the youngest baby, being guaranteed by a government analysis to contain neither opiates nor narcotics or other harmful drugs. Concerning them Mrs. David McKibbin, Dundas, Sask., says: "I have used Baby's Own Tablets and have found them so satisfactory I would not be without them." The Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

### British Cold Storage

Capacity of Ships Now Greater Than Ever, Despite U-Boats

London.—At a dinner of the Cold Storage Association, Sir Joseph Brookbank, presiding, said that there were now 50 British ships with refrigerating accommodation of 50,000, 100 cubic feet, a noteworthy number, and a capacity greater than ever, despite the U-boats. Sir Hon. G. H. Roberts, food controller, referring to the value of refrigeration, mentioned that since the beginning of 1918 there had never been less than 32,000,000 tons of produce stored in the United Kingdom, over one-half of which was meat.

### Pity the Poor Kings

The desperate straits of ex-royalty in Europe are instanced in the case of Kaiser Emperor Charles who has taken refuge in a Swiss castle that is occupied by his mother-in-law, — Kansas City Journal.

Ten days' intimate acquaintance with poverty will satisfy any man for the rest of his natural days.

### Babylonian Tablets Bought

Columbia. —Thirteen clay tablets dating from 400 to 2400 B.C. have been purchased by the Ohio State university library. They were found in ancient Babylonian cities recently excavated. One tablet contains notices of the number of animals to be sacrificed at the temple each day. The others are letters, business communications and receipts for animals.

### "Black Watch"—The Best Black Pig Chewing Tobacco on the Market

Taking It Easy  
"Do you find that prohibition has depressed Crimmon Gulch?"  
"No," answered Cactus Joe. "We're more cheerful than usual. Everybody seems to think it's a great joke on all the rest of the boys." — Washington Star.

### HAD WEAK AND FAINTING SPELLS

Those feelings of faintness, those weak "all gone" sinking sensations which come over some people from time to time, are warnings that must not be unheeded. They mean an extremely weakened nervous system. When the system is in this condition there is no time for delay. One fainting spell may be recovered from — will not cost you a penny for any money, but the next may be more serious.

Those who are wise will start taking Milburn's Heart and Nerve Pills before their case becomes deep rooted and perhaps hopeless.

Write to me directly on the disordered heart and weakened nervous system and restore them to full strength and vigor. Miss Mary McCoy, Algoma, Mich., writes: "I was awfully troubled with fainting and weak spells, and I could not get any doctor's medicines to help me. One day a friend of mine was at the house when I took one of your pills, and she got me a box of Milburn's Heart and Nerve Pills. That was six years ago, and from that day to this I have never had any of those spells. I would not be without your pills for any money, and can highly recommend them to anyone."

Milburn's Heart and Nerve Pills are sold by all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### Wheel Greatest Invention

"A World Without Wheels Is Best Left to the Imagination"

Some time ago readers of an English newspaper were asked to state what, in their opinion, constituted the world's greatest invention. There followed a veritable postcard deluge. Having sifted the wheat from the chaff, it was decided to award the prize to Sir H. Jordan of the 15th Hussars, Aldershot, whose entry read:

"The world's greatest invention is undoubtedly the wheel, and the palm should be awarded to the unknown genius who invented it."

That is, practically spinning, looms, motor cars, and, in fact, almost every invention and machine now in everyday use owes its very existence to, and depends upon, the wheel to enable it to carry out its functions.

"A world without wheels is best left to the imagination. No taxis, no trucks, no wagons, no ships, and no 'revolution.' In fact, like love, it is 'wheels' that make the world go round."

### A Broad Hint

A young woman going with a party of visitors through the parks and gardens of a famous house, lingered behind to admire the gorgeous peacocks.

"Do these birds ever drop any of their tail feathers?" she asked of a gardener who stood by.

He looked round, lowered his voice, and replied:

"They're obstinate birds, miss, but they drop 'em easy at the sight of a quarter!"

### SHUFFS OUT A COLD

### IN A FEW MOMENTS

Cleats the Asthria, Stops Sneezing, Heals the Throat Quickly

### Catarrhosis Works Wonders

Lots of people used to let their colds "work off." They suffered a good deal, and so the world has been told. The world's family ally, Catarrhosis, cures colds by Catarrhosis before they really get a cold. The Catarrhosis is a pure essence, gives instant relief. It clears the breathing organs of a healing, soothing vapor that relieves irritation at once. Ordinary colds are cured in ten minutes. Catarrhosis for Catarrh, but in throat trouble it works like a charm. Catarrhosis is a permanent cure for bronchitis and throat trouble. Not an experiment — but a cure that's guaranteed. Get "Catarrhosis" today, and beware of quack cures. The dollar bottle is guaranteed, and small size 50c; trial size 25c at all dealers.

### Cost Of Living, From Farmers' Standpoint

Joseph Agricultural College Professor Tells Cost of Production

Ottawa.—Professor Toole, of the Joseph Agricultural College, gave the cost of living committee of the common figures of cost of the production of butter, beef and pork. These figures were the result, he said, of tests undertaken, supervised or observed by himself.

For the year ending February 28, 1918, a carload average was kept of the costs of 437 Oxford county farmers. Five hundred dollars was allowed to the farmers as wages, and seven per cent, for his investment. Other expenses were accurately allocated, and they found that the average cost of milk was \$2.17 per 100 pounds. The average price paid for the milk was \$2.10 per 100 pounds. Today, with good management, milk per 100 pounds would cost from \$2.20 to \$2.25 to produce. The cost of labor had a wet day in Glasgow that a man, efficiency had decreased 10 to 20 per cent.

Col. Mackie suggested that a western range owner should be brought to Ottawa to explain the extraordinary increase in the price of steers. Some years ago he had got \$40 and never more than \$45 for 1,400 to 1,500 pound steers, but during the last three years the range owners were getting from \$10 to \$125 for the same class of animal. It was decided that this should be done.

### Says Britain Must Aid Emigrants

In an address given by Lord Milner under the auspices of the Colonial Emigration society there was a significant change in the attitude of emigration from the United States to the overseas dominions, and he held that it was the duty of the government to give more active aid and guidance than hitherto. This could be done in two ways, direct emigration into the right channels, and make such arrangements that on arrival in their new homes the emigrants should have the best possible chance of success. Lord Milner said it was very necessary that the governments of the United Kingdom and the Dominions work very closely and cordially together.

Simple and Sure.—Dr. Thorne's Elixer. It is so simple in application that a child can understand the idea. The only direction is to rub, and when used as a dressing to apply. The directions are so plain and understandable that they are readily understood by young or old.

### Grisdale's Successor for Experimenters

Parm.  
Ottawa. —The vacancy caused by the promotion of Dr. J. H. Grisdale, director-general of experimental farms to the position of minister of agriculture, has been filled by the appointment of E. S. Archibald, B.A., Dominion of Wales, to the position formerly occupied by Mr. Grisdale.

Mr. Archibald was appointed Dominion husbandman in June, 1912, and has filled the position with a great deal of success. For the past year he has been acting director of experimental farms.

Only One "BROMO QUININE" is the name of the only LAXATIVE BROMO QUININE Tablets. Look for the name on the wrapper. Sold in all drug stores.

### Famous Battleships

Example of the Continuity of Naval Nomenclature

The name "Elizabeth" is one of the traditional names of the British navy. There was an Elizabeth in the fleet as early as 1514, and the name was handed on from ship to ship almost without a break for 250 years. Then for a century it remained forgotten until 1912, the prefix "Queen" being added in accordance with the fashion introduced by King Edward.

Strangely enough, former Elizabeths have been associated rather with the failures than the successes of the British navy; and so the superintendent will wonder why the "Lizric" was sent to the Dardanelles!

Tiger is another example of the continuity of naval nomenclature, for there has been a Tiger of some sort, fighting, chasing, blockading and cutting out for the three centuries of naval warfare in various quarters of the globe. The first was built in 1546, and the present battle-cruiser is a cleverer vessel than that has borne the name. To link up the two would be to write the history of the British navy—or most of it.

### They Played Hard

"Mother, I'm so lonesome. I've no one to play with," complained Albert. "Well, go and play with Dick Dribble." "Oh, I played with him this morning, an' I don't believe he's well enough to come out yet." — Chicago Tribune.

# Gillette

## Safety Razor

The Shaving Service for Every Man

—Everywhere

## No Stropping —No Honing

The NEW KIT SET No. 20

A perfect shaving edge is the daily privilege of the Gillette Safety Razor owner.

Few men can hone or strop a razor sharp enough to stop it pulling on the neck and around the jawbone. With a Gillette you do not depend upon your own skill in stropping and honing.

The perfection of the edges of Gillette Blades is assured by our highly specialized machinery.

The new Kit Set shown above is most complete (especially convenient when you go away for a holiday or on business), and enables you to enjoy the most comfortable shave in a few minutes every morning.

Your jeweler, druggist, or hardware dealer can show you a Gillette Set at

\$5.00 the set

### School Fairs in Alberta

School fair work in Alberta is to be a much larger undertaking this year than ever before, the number of school fairs being organized being considerably more than double that of any other year. The Vermilion district will have eighteen fairs this year, fifteen districts, and Claresholm fourteen, while last year there were only about sixteen altogether.

But few men ever make their way through the world on the strength of their phenomenal development.

Clean Stomach, Clear Mind. —The stomach is the workshop of the vital functions, and when it gets out of order the whole system is in sympathy. The spirit flag, the mind flag, the body flag, the soul flag. The first care should be to restore healthful action of the stomach, and the best preparation for that purpose is Parmelee's Vegetable Pills. General use for years has won them a leading place in medicine. A trial will attest their value.

### Strange Malady Kills Babies

Portland, Ore.—An epidemic of mysterious illness has broken out in the Waverly baby home, and as a result eleven babies are dead. Twenty-two are afflicted and twelve are in a critical condition. All affected are under three years of age.

### Flying Fishes

None is so apt to get lost in how many ways aviation is going to benefit our industries. There is one very important use to which it can be put which is a present engaging official attention. As we all know, aviators, when flying over the sea in fine weather, can see a long way down into the water, a fact which was made full use of in the course of U-boat hunting. From an aeroplane splash can be observed from the surface, and the suggestion is that trained observers should be employed on the principal fishery grounds to signal the presence and whereabouts of these schools to the waiting trawlers below.—London Daily Chronicle.

### MINARD'S LINIMENT is the only Liniment asked for at my store and the only one we keep for sale.

### Industrial Congress

It is now definitely announced  
that Sir Robert Borden will  
attend and address the big in-  
dustrial congress at Calgary on  
either August 13 or 14. This  
fact, together with the an-  
nouncement that such men as  
Henry Ford, Sir Edmund  
Walker, Joseph Oliver of the  
Oliver Plow Works, President  
of the Canadian Pacific, head of  
Studebaker Corporation, the  
Willy's Overland, the Inter-  
national Harvester, and other  
such men are to speak, assures  
a gathering of tremendous  
proportion. While no effort  
is being made to attract the  
masses of the people, all those  
in any way interested in in-  
dustrial development will be heart-  
ily welcomed to the educational  
at Calgary, it is announced by  
the Program Committee. Con-  
gress headquarters have been  
opened in the Palliser Hotel,  
Calgary, from which thousands  
of invitations have been issued.

### A Newspaper's Revenue

Every line in a newspaper  
costs the proprietor something.  
If it is for the benefit of the in-  
dividual it should be paid for.  
If the grocer were asked to con-  
tribute groceries to an abundantly  
able to pay for them, he  
would refuse. The proprietor  
of a newspaper must pay for  
the free advertising if the ben-  
eficiary does not, and yet it is  
one of the hardest things to be  
learned by many, that a news-  
paper has space in its columns  
to rent, and must rent them to  
live. To give away rent for  
anything less than living rates  
is as fatal to a newspaper as  
for a landlord to furnish rent  
free.—News, Maple Creek.

? ?

A couple just about to wed,  
Whilst we in Empress roast,  
Will spend their honeymoon  
'tis said,  
Upon the Arctic coast.  
Oh happy mind and happy  
groom,  
How very wise you are  
To take your fond love to bloom  
Beneath the Polar Star.  
There on a mammoth block of  
ice,  
Where nights are six months  
long,  
Oh love will be so cool and nice,  
And life one grand sweet song.  
One young lady asks the  
question, "Should these couple  
be "shiver-e-d" on their re-  
turn?"

Two Sisters of the Benedictine  
Order, Orange, Winnipeg, were in  
town Tuesday, soliciting mon-  
etary contributions to their in-  
stitution.

## Chesterfield Grain

Growers Association

A meeting of the above was  
held in the Chesterfield Hall,  
June 20th at 8 p.m. The meet-  
ing was called to order by Pres.  
Wm. Rowles. Robert Palmer,  
F. H. McWhinney and Thomas  
Rowles, were elected as dele-  
gates to attend the Convention  
at Rosetown, Sask. It was de-  
cided to call a general meeting  
between the three locals, Lang-  
holm, Mayfield and Chesterfield  
to discuss the forming of a  
trading centre at Empress. The  
meeting is to be held at Lang-  
holm, July 5 at 7.30 p.m. The  
meeting was adjourned to meet  
again at the Chesterfield Hall,  
July 18, at 8 p.m.

Messrs. H. P. Gregg and Pete  
McNichol were the guests of  
the Leader, Sask. Tennis Club,  
on Saturday. The two local  
men enjoyed a fair per centage  
of success in the friendly games  
arranged for their benefit, and  
speak well of the very court-  
eous treatment they received.

Departmental examinations  
at the local school start on  
Wednesday next.

Moved Jones—That G. Cough-  
ley be paid \$440.40 on account  
of work done in Div. 6. Car.

Moved Jones—That Coun-  
Scott be a committee to ar-  
range for some time to look  
after A. Luxton. Car.

A deputation was received  
from the Council of R.M. Roy-  
al Canadian No. 261 to discuss  
the advisability of the R.M.'s  
of Newcombe, Royal Canadian  
and Mantario, combining to  
erect a hospital as laid down  
in the Union Hospital Act.

Messrs Ebbesna and Dorman  
had with them details of the  
Kindersley hospital scheme  
which had been tried as an  
experiment for three years, and  
which they stated had been  
very satisfactory, at a cost to  
their Municipality of 11-3c per  
acre, until the outbreak of the  
influenza epidemic, which had  
raised the cost considerably,  
the last year. The council de-  
cided that this was a matter  
which would require consid-  
erable discussion throughout the  
Municipality, and they would  
need time to examine into  
question of cost of building  
and maintenance, etc.

Moved Jones—That the  
Reeve and Coun. Scott be a  
committee to look into the  
proposed road diversion on N  
and S road between sections  
31 and 32 - 3 - 28 w 3rd.  
Carried.

Moved Rowles—That where-  
as there is urgent need of im-  
provement being made in the  
roads of the Municipality, and  
whereas this is a favorable  
time for the issue of Municipal

debentures, and whereas the  
work can be financed this way  
at a lesser cost of interest than  
by borrowing through the  
banks, that therefore it is de-  
sirable that this Municipality  
proceed to issue debentures for  
\$10,000 and that a bylaw be in-  
circularized to that effect. Ayes:  
Rowles, Baynon, Scott, Har-  
nett, Naves: Ardell, Jones,  
McWhinney. Car.

The bylaw was then drawn up  
Moved Jones—That the by-  
law be given all three readings  
at this meeting. Car.

Moved Harnett: That the  
bylaw be given a first reading.  
Ayes: Arndell, Harnett, Rowles,  
Jones, Scott and Baynon. Naves:  
McWhinney. Car.

Moved Scott: That the bylaw  
be given a second reading.  
Ayes: Rowles, Scott, Ardell,  
Jones, Harnett and Baynon.  
Naves, McWhinney. Car.

Moved McWhinney—That  
the bylaw be given a third  
reading and be sealed, signed  
and numbered XXIII. Car.

Moved McWhinney: That in  
future an upset price of \$30 per  
acre be paid for all rights-of-  
way purchased by the Municipality.  
Ayes: Ardell, Baynon,  
Scott, Harnett, Rowles, Mc-  
Whinney. Naves: Jones. Car.

Moved Harnett—That the  
services of the Govt. Surveyor  
be employed to survey the  
blind line between 36 and 25,  
35 and 26, and E of 34 and 27  
in twp. 29-27 w 3rd. Car.

Moved Baynon: That the Sec-  
Treas. write the Dept. of High-  
ways and request them to take  
proceedings under the High-  
ways Act, to expropriate a

right-of-way on the blind line  
between 36 and 25, 35 and 26  
and E of 34 and 27, 26-27 w 3,  
the municipality to pay cost of  
surveying same, also to be re-  
sponsible for the amount of  
compensation to be paid to the  
landowners affected, whether  
same be settled by compensa-  
tion or otherwise. Car.

Moved McWhinney: That the  
next regular meeting of the  
Council be held on July 14 and  
that the Council sit as a Court  
of Revision that date from 10  
a.m. to 12 noon. Carried.

Ratifiers are requested to  
note that the assessments  
have been raised throughout  
the municipality in accordance  
with an order-in-council re-  
ceived from the Provincial  
Government under "Land as-  
sessed at

\$3400 is now raised to \$2800

2100 " " 2400

1800 " " 2100

1500 " " 1700

1000 " " 1100

Land remain at \$320 a  
quarter section.

The only ground of appeal  
the Council have power to con-  
sider is that the land is un-  
fairly assessed compared with  
other land in the immediate vi-  
cinity.

Moved by Jones: That in fu-  
ture the names of the owners  
of the land as well as their lo-  
cation be published in the local  
papers on the tax sale list. Car.

Rowles: That the Council do  
now adjourn to meet again at  
the usual time and place on  
Monday, July 14. Car.

C. Evans Sargent,  
Sec.-Treas.

## Bunts From the Bat

Empress on deck—the rest in the hole.

A little more pep from those who can play ball, but have not made the team would help a lot. Come on and loosen up.

Les. says, "Hit the ball in the centre—the sides go with it."

The boys play at Prelate on Wednesday and expect to play at Atlee on Friday.

### Extending Kyleville Line

Information from Swift Current is that a large gang of men are now at work on the C.N.R. branch line from Eston to Kyleville. This gang, through a misunderstanding, was reported to be going to start work near Success, Sask., on the Lender-Big Stick line. Work has not yet begun on the latter line.

## TRAIN TIMES (Fast Time).

**WEST**  
No. 670 arrives 6 p.m.  
Mondays, Wednesdays and Fridays.  
No. 671 leaves 7 a.m.  
Tuesdays, Thursdays and Saturdays.

Mrs. J. Mackie entertained a number of friends to dinner on Saturday last.

G. M. Johnston, returned the first of the week from Ontario, where he attended the funeral of his mother.

Our local Cream Buyer, R. H. Richards, reports a steady increase in the amount of cream shipments from here.

The slick guy that borrowed a rifle from the N. J. 3, 21, 2, 4 had better return it or there may be trouble.—R. L. S.

Contractor Pullin has just completed a new road on the meridian line east of town.

Telephone poles leading from Saskatchewan to Empress, are now erected ready to receive the wires, which will give direct connection with towns east.

Tropical weather and scorching winds have put a decided blench on the local crops, which only a week ago had all the appearance of assuming bumper proportions.

J. Curran, we are informed intends to ship in two carloads of Angora Goats, in the near future. It will be his endeavor to rent weed infested land as pasture for his herds.

It is stated that contracts have been let for fifty miles of construction work of the Lender-Big Stick line. Work is to start from the Lender end of the line.

Meeting of Chautauque committee, is to be held in John Cusack's office on Thursday, June 20. Details will be arranged for the holding of this year's Chautauque—July 31 to August 6.

A. E. Galloway, had the misfortune to make a deep gash in one of his hands last week, severing an artery. He suffered a big loss of blood in the journey from his farm to town, and was confined to his home for a period after receiving medical attention.

Returned men who were guests of the Bindloss people at the dance held there on Friday last report a real good time and are loud in their praise of the courteous manner in which they were treated. Sultry weather doubtless excluded many from attending.

Mr and Mrs. Ed. Dyer, and son, William, and Mr. Nelson, of Gull Lake, Sask., were the guests, over the week-end of Mr and Mrs. L. Rendel, on their way home from visiting with relatives at Alaska. They were much enthused with the appearance of our town.

**EAST**  
No. 65 arrives 10 p.m.  
No. 66 leaves 9:45 a.m.  
Every week day, except Sundays.

Mrs. W. R. Brodie, left on Saturday for Eston, Sask., on a holiday visit to the home of her mother there.

The regular business meeting of the I.O.O.F. will be held on Wednesday, July 2nd, in the Engelbrecht building.

## Plenty of Reserve Power

THIS Case 10-18 Kerosene Tractor can easily pull a two-bottom plow 7 to 8 inches deep. Or an 8-foot binder, a 22-shoe grain drill, a 5 section spike-tooth harrow, an 8-foot double action disc harrow or a large manure spreader. On the road it draws from 5 to 10 tons, depending on grades and footing.

It will drive a Case 20x28 thrasher, fully equipped, a No. 12 Case Silo Filler, baling press, feed mill, small corn husker or sheller.

It is small and compact. It turns in a 22-foot circle. It is built of the finest materials and is noted for its performance, durability and economy.

Investigate this better tractor before you buy. Let us point out its superiorities.
